KOVF aims to be representative of the remarkable diversity of our area and with your contribution and support we shall be even more representative. KOV Forum survey update

Thank you to those who took the time to complete our survey. Because of the summer we have had a low response rate and would like to give more opportunity to everybody to take part in shaping the Neighbourhood Plan and also to collect some data about our membership for our sponsors, Lambeth Forum Network. We have therefore decided to extend the deadline to 31st August.

VGERTA - Tyers Street Linear Park - join the team

VGERTA needs your help developing an updated vision for Tyers Street.

Why upgrade Tyers Street?

- Home of Vauxhall City Farm and Cabinet Gallery. It is the most direct walking route from the Cabinet Gallery to Beaconsfield Gallery and Damien Hirst's Newport Street Gallery.**
- Provides access to Vauxhall Primary School and local playgrounds.**
- Links Vauxhall Pleasure Gardens to the Jonathan Street and Black Prince road shops.**
- Used daily by children and animals as well as shoppers**

and commuters.

- A very wide street which encourages people to travel much faster than the 20mph speed limit.

What happens to Tyers Steet is up to you! We'll consult to find out what you want but changes could include:

- Making it friendlier for pedestrians to walk to local shops.

- More green space.

- More parking by using angled parking bays, which would also narrow the street.

- Preservation of access for commercial deliveries, while discouraging its use as a cut through for fast commuter traffic.

- Better connections to the cycle superhighway - diverting some cycle traffic out of the park.

What do we need?

- Sign up to the VGERTA mailing list to stay informed and give us feedback as we develop plans.

- If you are an architect or a graphic designer, help us develop updated visualisations and plans to present to funding bodies.

What's happened so far?

- VGERTA have been successful at raising money for the renovation of the Glasshouse Walk playground and creation of Hayverley Garden Point – help us continue this success in making our estates nicer places to live.

- **Plans to improve Tyers Street have been in the works for several years, but we are ready to make a concerted effort on acquiring funding.**
- **DSDHA architects developed a first wave of ideas for the street and attracted a lot of publicity. These ideas can form the basis of a successful project – with your help.**
